

GEO. BLISS TO GEN. ARTHUR.
CALLING FOR REFORM IN THE REPUBLICAN PRIMARIES.

Avowed Democrats on the Rolls and Loyal Republicans Excluded—Election Legitimate—Lod Bare—A Fair Vote Demanded

Col. George Bliss has sent to Chester A. Arthur an open letter in which he urges the necessity of reforming the Republican organization in this city. Col. Bliss cites the provisions of the organization's constitution, which say that every Republican is entitled to be a member of the association in the Assembly district in which he lives, but must renounce his association in any other district, and that the Republicans have the right to inspect and copy the rolls of members of any association at reasonable times. He also says that the constitution provides for securing honest primary elections by challenges and otherwise. He then calls Gen. Arthur's attention to the loose manner in which these rules are obeyed, and to their repeated violation. He says that there were on the rolls of the twenty-four Assembly district associations, when the city was re-districted last summer, 13,335 names, but not more than 6,000 of those names were properly on the rolls. The others represent persons who have died, a large number who should have been dropped because of their removal from the district, and many Democrats. The examination of the membership rolls of the associations that were made after the boundaries of the Assembly districts were changed, showed that in most cases the names of the persons who had ever been members of the association were kept on the rolls, despite the requirement of the Constitution that every year the persons who have died and those who have moved to another district should be removed. Of the roll of the Eighteenth District Association, to which Gen. Arthur belongs, was the name of ex-slave John Morris, who long before removed from this city. The rolls of the district contained the names of 616 persons and when these were sent to them at the time of their removal, they were returned with the remark, "Not found." Col. Bliss believes that the retention of the dead or temporary names of the dead, or of persons who have moved, is a denial of the right to inspect and copy the rolls of the associations at reasonable times.
